Interim Venue

Fully Accredited Venue

PLEASE NOTE: It is important to understand that the SH₂OUT Venue Accreditation is only accurate for the venue in question. The accreditation is based on an initial self-assessment and a follow up accreditation site visit and compliance to the set criteria is based on what was seen and the information that was provided during the self-assessment and accreditation process on the date in question. It follows that SH₂OUT cannot be held responsible for eventualities occurring as a result of information which was not disclosed, or as a result of the venue failing to maintain the standards set out in the accreditation criteria
